GENERAL DESCRIPTION OF THE UNIVERSITY OF MARIBOR

Maribor, the seat of one of the three Slovene universities, was first mentioned in historical documents as a town as early as the year 1257. The beginnings of higher education in Maribor are closely connected to Anton Martin Slomšek, the bishop of the Lavantine diocese in St. Andraž in Carinthia. The bishop moved the seat of the diocese to Maribor in 1859 and opened a new seminary and religious school in the city. This was the first institution of higher education in Maribor and a forerunner of the present day university.

The first institution of the present-day university (the Faculty of Theology does not form a part of the University of Maribor) was the School of Economics and Commerce, which was founded in 1959 and offered a two-year programme of study.

In 1961 the Association of Institutions of Higher Education in Maribor was formed. The organizational model of the Association and its relations with the faculties and its institutions was similar to the traditional model of university organization. After the individual schools developed into faculties, it was only a matter of time before the Association of Institutions of Higher Education became a university. The Assembly of the Socialist Republic of Slovenia confirmed the university status of the institutions of higher education in Maribor in 1975.

Over time these developed into the following faculties:

- Faculty of Economics and Business
- Faculty of Electrical Engineering and Computer Science
- Faculty of Energy Technology
- Faculty of Civil Engineering, Transportation Engineering and Architecture
- Faculty of Chemistry and Chemical Engineering
- Faculty of Agriculture and Life Sciences
- Faculty of Logistics
- Faculty of Natural Sciences and Mathematics
- Faculty of Organizational Sciences
- Faculty of Mechanical Engineering
- Faculty of Tourism
- Faculty of Criminal Justice and Security
- Faculty of Health Sciences
- Faculty of Arts
- Faculty of Medicine
- Faculty of Education
- Faculty of Law
Not all of the faculties are located in Maribor. The Faculty of Agriculture and Life Sciences is located in Hoče, the Faculty of Organizational Sciences is located in Kranj, the Faculty of Criminal Justice and Security in Ljubljana, the Faculty of Logistics in Celje and Krško, the Faculty of Energy Technology in Krško and Velenje and the Faculty of Tourism in Brežice. The rest of the faculties are spread all over the city of Maribor.

The University co-operates with various institutions of higher education and academic associations throughout the world in different research fields developed by its faculty members. Co-operation encompasses numerous activities ranging from study visits to joint research projects. The University of Maribor is active in various networks, and multilateral programmes of co-operation, including Lifelong Learning Programme, TEMPUS, CEEPUS and the 7th Framework programme.

Courses of study offered by the University of Maribor and its member faculties are degree study programmes leading to the award of diplomas and credential programmes leading to the award of certificates. Degree study programmes can be undergraduate, (academic or professionally oriented) – 1st degree study programmes, or graduate – 2nd and 3rd degree study programmes. University of Maribor concluded adapting its study programmes according to the requirements of the Bologna Declaration. Since the academic year 2010/2011 University of Maribor is enrolling only students in Bologna study programmes. Study programmes are offered by the faculties as full time or part time studies. In the academic year 2015/2016 we had 10.756 undergraduate and 3.931 post graduate students at the University of Maribor.

Candidates are advised to gather information about study programme requirements from the faculties before enrollment.

ADMISSION/REGISTRATION PROCEDURES

ADMISSION/REGISTRATION PROCEDURE FOR REGULAR STUDENTS

ADMISSION REQUIREMENTS FOR ENROLLMENT IN THE 1ST YEAR OF THE UNDERGRADUATE STUDY PROGRAMMES (for foreign citizens of non EU Member State and Slovenians without Slovenian citizenship)

The application and admission procedure for enrollment in the 1st year of undergraduate study for foreign citizens of non EU Member State and Slovenians without Slovenian citizenship at the University of Maribor is conducted by:

University of Maribor
The Higher Education Application and Information Service
Slomškov trg 15, 2000 Maribor, Slovenia
Telephone: +386 (0)2 235 52 64
E-mail: vpis@um.si
http://www.vpis.um.si

Application and admission procedure
The first application period lasts from the 5th February to the 5th May 2016 and the second application period lasts from the 1st to the 3rd October 2016. Candidates can apply using: E-Application in eVŠ:
http://portal.evs.gov.si/prijava/

In the first application period all necessary documents that show fulfilment of enrolment conditions must be sent to The Higher Education Application and Information Service of the University of Maribor no later than 1st August 2016. Candidates must pass a test of ability, capacity and skills if they wish to enroll in the Faculty of Civil Engineering, Transportation Engineering and Architecture (study programme: Architecture) or in the Faculty of Education (study programmes: Music Education, Art Education, Sports coaching).

Evidence of fulfilment of admission requirements:

- Verified copy of birth certificate or certificate of citizenship or passport or personal identity card.
- Translation into Slovenian or English by a court appointed translator of birth certificate or certificate of citizenship or passport or personal identity card (translation is not necessary for documents in the following languages: English, Croatian, Bosnian and Serbian if the writing of the document is in Latin script).
- Translation into Slovenian or English by a court appointed translator of the secondary school exit certificate and certificates of the last two years with all the graded subjects, including the corresponding marks, must be specified in the certificate (translation is not necessary for documents in the following languages: English, Croatian, Bosnian and Serbian if the writing of the document is in Latin script).
- Decision on recognition of certificates obtained abroad. The recognition procedure determines the equivalent Slovenian certificate to the certificate issued abroad. The procedure is carried out by University of Maribor. The recognition procedure is triggered together with the application for study if the candidate finished his secondary education abroad. Information regarding the recognition...
- Verified original of the secondary school exit certificate/diploma, proving completed foreign secondary education (*required only from candidates who are in the process of obtaining the Decision on recognition of certificates obtained abroad),
- Photocopy of the residual secondary school yearly certificates (*required only from candidates who are in the process of obtaining the Decision on recognition of certificates obtained abroad),
- Short chronological description of the entire education prepared and signed by the candidate (*required only from candidates who are in the process of obtaining the Decision on recognition of certificates obtained abroad).

- A Slovenian language certificate (if it is required by the study programme). Before enrolling into the 1st year of undergraduate and long-cycle master study: Faculty of Education (except for study programme Music education) (intermediate level), Faculty of Arts (intermediate level), Faculty of Natural Sciences and Mathematics, study programme Subject Teacher (higher level – B2), Faculty of Medicine* (all candidates need a Slovenian language certificate of level C2). Before enrolling into the 2nd year of undergraduate and long-cycle master study: Faculty of Mechanical Engineering (basic level), Faculty of Law (basic level), Faculty of Education (only study programme Music education) (intermediate level), Faculty of Health Sciences (basic level), Faculty of Criminal Justice (intermediate level), Faculty of Electrical Engineering and Computer Science (basic level). No Slovenian language certificate is required: Faculty of Civil Engineering, Faculty of Chemistry and Chemical Engineering, Faculty of Logistics, Faculty of Energy Technology, Faculty of Natural Sciences and Mathematics (except study programme Subject Teacher), Faculty of Business and Economics, Faculty of Organizational Sciences, Faculty of Agriculture and Life Sciences, Faculty of Tourism. A Slovenian language certificate is obtainable from:

    University of Ljubljana  
    Centre for Slovene as a Second/Foreign Language  
    Kongresni trg 12, 1000 Ljubljana, Slovenia  
    Tel: +386 (0)1 241 86 47, E-mail: izpitni.center@ff.uni-lj.si

If the application is accepted, the candidate must pay an enrollment fee, in some cases a tuition fee and complete her/his enrolment at the chosen faculty.
Tuition fees
The tuition fees for undergraduate studies are set individually by each faculty.

ADMISSION REQUIREMENTS FOR ENROLLMENT IN THE 1ST YEAR OF UNDERGRADUATE AND LONG-CYCLE MASTER STUDY PROGRAMMES (for citizens of the European Union Member States)

Citizens of European Union member states may apply for study in Slovenia under the same conditions as citizens of the Republic of Slovenia.

The application and admission procedure for enrolment in the first year of undergraduate and long-cycle master study at the University of Maribor is conducted by:

University of Maribor
The Higher Education Application and Information Service
Slomškov trg 15
2000 Maribor
Slovenia
Tel: +386(0)2 23 55 261
E-mail: vpis@um.si
Internet: http://www.vpis.um.si

Information about application and admission procedure is available at The Higher Education Application and Information Service of the University of Maribor and on the website of the Ministry of education, science and sport.

1. APPLICATION PROCEDURE:
Citizens of the EU Member States can apply for enrolment in the first year of undergraduate and long-cycle master study in three application periods:

- in the first application period from 5th February to 4th March 2016,
- in the second application period from 22nd to 29th August 2016 or
- in the third application period from 1st to 3rd October 2016.

2. GENERAL CONDITIONS FOR ENROLMENT IN THE FIRST YEAR OF STUDY:

- Successfully completed appropriate secondary education (To enroll in university study programmes the candidates must have a recognized national exit exam, like the Slovene matura or final examination before 1st June 1995. To enroll in professional higher-education programmes the candidates must have a recognized final examination, vocational certification or Slovene matura.).
- Completed procedure for the recognition of secondary-school certificates obtained abroad (In the recognition procedure the candidates obtain a Decision on Recognition of foreign Education. The Decision on Recognition of foreign Education determents whether a candidate can continue his education in university or professional higher-education programmes.).
- Some study programmes require the candidates to pass a test of ability, capacity and skills.
- The Faculty of Medicine requires:
  »All candidates need a Slovenian language certificate of level C2, regarding the Common European Framework of Reference for Languages. As a fulfilled enrolment condition is considered a taken exam of Slovenian language at a final secondary school exam (Slovenian matura), a yearly secondary school certificate with a graded subject of Slovene language, certificate of Slovenian language at level C2 or other equivalent document. «

Candidates must pass a test of ability, capacity and skills if they wish to enroll in the Faculty of Civil Engineering, Transportation Engineering and Architecture (study programme: Architecture) or in the Faculty of Education (study programmes: Music Education, Art Education, Sports coaching).

3. EVIDENCE OF FULFILMENT OF THE ENROLMENT REQUIREMENTS:

- a final certificate of successfully completed secondary school,
- certificates of the last two years of completed secondary school,
- a decision on recognition of foreign education for the purpose of further education.
Candidates have to send certified copies of the required documents. All certificates (except bilingual ones; with one language being Slovene or English) must be translated into Slovenian or English language by a court appointed translator if the Higher Education Application and Information Service estimates and notifies the candidate, that it is necessary.

The candidates applying for study at the Faculty of Medicine also have to submit a certificate of a taken exam of Slovenian language at a final secondary school exam (Slovenian matura), a yearly secondary school certificate with a graded subject of Slovene language, certificate of Slovene language at level C2 or other equivalent document.

4. TUITION FEES

Citizens of the European Union Member States do not pay any tuition fees for full-time undergraduate and long-cycle master study.

ENROLMENT IN POSTGRADUATE PROGRAMMES

In academic year 2016/2017 candidates can apply for 2nd (Masters) and 3rd degree (Ph.D.) study programmes, offered by the University of Maribor faculties. Detailed information can be found at http://www.um.si/en/Study/about/Pages/Call-for-Application---postgraduate-study-1617.aspx.

Candidates can submit their application for enrollment into postgraduate study programmes to the relevant faculty of the University of Maribor until August 18th 2016 for the first application period and from September 14th until September 16st 2016 for the second one.

All candidates must submit an electronic application on web portal eVŠ, which can be found at http://portal.evsgov.si/prijava/?locale=en. More informations about Call for enrolment in Postgraduate Study Programmes of University of Maribor in the Acedemic Year 2016/17 at: http://www.um.si/en/Study/about/Pages/Call-for-Application---postgraduate-study-1617.aspx, the procedure of application and enrolment is described here: http://www.um.si/en/Study/about/Pages/Enrollment-in-postgraduate-study.aspx, the procedure of recognition is explained here: http://www.um.si/en/Study/recognition/Pages/default.aspx.

Enrolment in postgraduate programmes will be conducted after the closing date for applications but no later than September 30th 2016. If students file a request for an extension of the deadline for enrolment for legitimate reasons (relevant bodies of university members decide on such requests), the deadline for enrolment may be extended to October 30th 2016 at the latest.

Non-EU nationals and Slovenes not holding Slovene citizenship may apply for postgraduate programmes in accordance with the Regulations on Tuition Fees and Accommodation in Student Dormitories for Slovene Nationals without Slovene Citizenship and Foreigners in the Republic of Slovenia (Official Gazette of the Republic of Slovenia, No. 70/2008). The number of available places for this group of applicants is published in separate tables. Candidates who have already obtained a decision on the recognition of foreign academic qualifications must follow the instructions for the submission of supporting documents demonstrating fulfilment of admission requirements. Along with the required supporting documents, the decision on the recognition of foreign academic qualifications must be submitted to the faculty implementing the programme the candidate is applying for. For candidates who have not yet obtained a decision on the recognition of foreign academic qualifications, the online application form for enrolment in postgraduate programmes submitted via eVŠ (available at: http://portal.evsgov.si/prijava/?locale=en) is considered also the application for the recognition of foreign academic qualifications. Candidates who submit an incomplete application will be informed by regular mail or email and invited to complete their application.

During the application procedure for enrolment in second-cycle programmes, candidates may apply for a special status, on the basis of which they can be included in the list of subsequently admitted candidates. However, they must nonetheless meet the admission requirements laid down in the accredited study programme and achieve at least 90 % of the required score. Based on the candidate's written request and relevant supporting documents, the university committee in charge of requests and appeals decides on the conferral of the special status. Special status may be conferred on candidates who enclose relevant supporting documents attesting: disability or special needs, chronic illness or consequences of an acute disease that persevered throughout the application procedure and had an important impact on the candidate's academic
achievement during the relevant period, exceptional social circumstances, "top athlete" status in the relevant period. In order to be awarded the special status, candidates must lodge an application along with relevant supporting documents. The application must be send to the relevant faculty implementing the programme the candidate is applying for by registered mail by 23rd August 2016 at the latest. Application submitted later will be taken into account only if the status has been awarded after this deadline for justifiable reasons. The envelope must be marked: "Za Komisijo za prostne in prosozev v prijavnem postopku Univerze v Mariboru" (for the Committee for Requests and Appeals in the Application Procedure of the University of Maribor)

Detailed information on study programmes, application, enrollment, admission requirements and cost of the study is available on the website of the University of Maribor http://www.um.si/en/Study/about/Pages/default.aspx and at student affairs offices of UM faculties.

The complete application has to be sent to the Erasmus+ coordinator or other responsible person of the International Relations Office of the domestic institution till end of April. Students will be informed on selection and further procedures till June 15th.

MAIN UNIVERSITY REGULATIONS

University autonomy is determined in the Constitution of the Republic of Slovenia (article 58). The Organization of universities and general activities are regulated by the Higher Education Act (Uradni list RS, no.; 32/2012, ZViS-UPB7, as amended to 85/2014). University reform was adopted by a Decree on the reformation of the University of Maribor (Uradni list RS, no. 28/2000, 98/2003, 79/2004, 36/2006, 137/2006, 58/2007, 67/2008, 96/2009, 17/2015, 44/2015, 92/2015). The recognition of international study achievements is regulated by the Lisbon convention, which was ratified by an Act on the Ratification of this Convention (RS MP 14/91). Concrete provisions regarding these matters are also adopted in the Statute of the University of Maribor and several executive provisions.

Main university regulations regarding students are available at [http://www.um.si/en/Study/rules/Pages/default.aspx](http://www.um.si/en/Study/rules/Pages/default.aspx).

RECOGNITION PROCEDURES

Pursuant to the Act on Assessment and Recognition of Education, schools, other education establishments and higher education institutions are competent for recognition of previously obtained foreign education for the purpose of further education.
Recognition of foreign education for the purpose of further education in the Republic of Slovenia is a procedure by which, in the course of enrolment, holders of foreign certificates and diplomas are issued decisions recognizing their right to continue education in the Republic of Slovenia. On the basis of this decision the school shall enroll the holder in the appropriate education programme.

Applicants who are holders of foreign certificates and who wish to study at the University of Maribor are able to make an application for recognition of their foreign certificates together with their application for study at eVŠ web portal. For more information and guidelines please visit the web site www.um.si, “Study/Recognition of education.” For specific information about the Recognition of foreign education for the purpose of further education at University of Maribor, please contact priznavanjeizobrazevanja@um.si, Telephone +386(0)2 23 55 263.

GENERAL ARRANGEMENTS FOR THE RECOGNITION OF PRIOR LEARNING (FORMAL, INFORMAL AND NON-FORMAL)

Students who have acquired certain competences through prior learning can apply for the recognition of these. Learning and expertise can be acquired in many types of situations, through formal education and through everyday experiences and work. The important thing is the result of learning and the learning process, not the manner in which they took place or where or how the knowledge and skills was acquired.

Formal education usually takes place in education institutions, and learning is systematic and based on set learning objectives, and the learner is granted a diploma or a certificate indicating the knowledge he/she has gained.

Non-formal education (unofficial) is systematic and based on set learning objectives. From the perspective of the learner is granted a certificate indicating the knowledge he/she has gained, but not public valid level of education or qualification. In Slovenia, non-formal education is typically offered by various independent educational organizations and training offered at workplaces.

Informal education (everyday learning) refers to learning that takes place during activities at work, in the family or during leisure time. Informal education is not systematic or based on set learning objectives, not is the learner granted a certificate indicating the knowledge he/she has gained. Informal learning may be intentional, but usually it is unintentional and coincidental.

Students have the right to apply for the approval (recognition) of prior learning, if the acquired knowledge is equivalent to the learning objectives of the degree programme.

The principles and procedures for recognizing prior learning are set in the Rules on recognition of knowledge and skills obtained before enrollment in study programmes.

ECTS CREDIT ALLOCATION BASED ON THE STUDENT WORKLOAD NEEDED IN ORDER TO ACHIEVE EXPECTED LEARNING OUTCOMES

Since the academic year 2010/2011 University of Maribor is enrolling students only in Bologna study programmes. Before adopting the ECTS system academic staff re-examined the learning outcomes of each course in relation to the competences expected to be developed by the program’s graduates and students’ workload (teaching contact hours as well as students’ private study time) needed to achieve the set learning outcomes. Credit allocation to courses was based on the students’ workload estimated by the academic staff. The key figures used for credit allocation were 25-30 hours per credit, 15 weeks per semester and 30 ECTS credits per semester. At the end of the academic year, the University conducts surveys on the actual student workload in accordance with the Rules on Administering Questionnaires on the Actual Student Workload. Survey results reveal students’ opinions on the actual workload with regard to individual courses. On the basis of the results, workload under new (Bologna) programmes is monitored and proposals for quality improvement and modifications to existing programmes are formulated.
ARRANGEMENTS FOR ACADEMIC GUIDANCE

The University of Maribor provides students and prospective students with a wide variety of consulting services related to enrolment, study programmes, study arrangements and employment prospects. Information concerning graduate enrolment is provided by the Inscription and Information Office of the University of Maribor and by student affairs offices located at university members, which provide prospective graduate and postgraduate students with relevant information.

TUTORING

After the introduction of Bologna programmes, tutoring and mentor systems began to develop at faculties. The primary objectives of this system are:

- to make the transition from secondary school to university easier,
- assist students throughout their studies,
- establish good relations between students, professors and the institution as a whole,
- overcome the traditional higher education system,
- improve the performance of students and increase the number of students advancing to the next year,
- improve the quality of the learning experience.

Tutor models vary heavily among faculties. According to the year of studies, the tutor is either a senior student or a professor.

CAREER CENTRE AND ALUMNI CLUB

The Career Centre of the University of Maribor provides a wide range of services for students, graduates and employers. Individual career counselling provides students and graduates with detailed information on career opportunities and development.

Career centre also organizes various events, such as lectures, seminars, workshops, discussions and meetings. The majority of these events may be attended by all students and graduates interested, while others are organized for specific groups. We also arrange visits to potential employers.

Students and graduates of the University of Maribor can obtain information on job vacancies and internship programmes in Slovenia and abroad. Employers may advertise job vacancies and internship programmes on our website free of charge.

University of Maribor also monitor graduates and their employability. In addition, in-depth analyses of employability will be conducted. Relevant data are gathered systematically within the framework of UM’s Alumni. Alumni UM represents a great opportunity to enable all members to attend events or participate in activities for students and graduates conducted by the Career Centre.

ESN MARIBOR

ESN (Erasmus Student Network) Maribor provides informal help for incoming students regarding arrangement of various papers, subsidized food, SIM cards, and getting to know life in Maribor. More about ESN: [http://esn.org/](http://esn.org/)

STUDENTS WITH DISABILITIES AND SPECIFIC NEEDS

Rights and the equality of students are laid down in the Statute of the University of Maribor and Rules on Students with Disabilities and Specific Needs. Article 211 of the Statute lays down the status of students with disabilities and other students with specific needs.

In cooperation with the Slovene Association of Students with Disabilities, UM implemented the project entitled “Development of Inclusive Higher Education – training faculty staff for the work with disabled students”, on the basis of which the brochure “Disability Friendly Institutions” has been published.
Certain university members have special equipment and tools for students with disabilities, which have been acquired on the basis of their needs. Disability issues are discussed on an individual basis since the needs of students with disabilities vary greatly.

**STUDENT COUNCIL and VICE RECTOR FOR STUDENT AFFAIRS**

The student council and its president, Vice-rector for student affairs, are responsible for considering issues which concern students, address student related problematic and assist students to realise their rights. Moreover, their purpose and function is also to support student efforts to achieve their academic goals, help them with their questions, propose solutions and introduce them to all options they have available at UM. The student representatives are also in function to consider student complaints, which is conducted in collaboration with relevant university administration and academic staff.

Therefore, students have the opportunity and responsibility to be a part of the university’s development and influence the important decisions, especially regarding the quality of teaching; all with the goal of assuring the best academic environment available. Besides the academic part, Student council with its representatives prepares a variety of extracurricular activities, which round up the study experience at UM. More information: ssnum.um.si

**ORIENTATION WEEK FOR FRESHMEN**

New students can participate in an orientation program before the beginning of the year which aims at familiarizing them with departments, programs of studies, requirements, student services, campus facilities, libraries, student bodies and career centres. Students have the opportunity to attend seminars on topics that help them adjust to their new environment.

**STUDENT BROCHURE**

Every year faculties publish different brochures which contain useful information about admission/registration procedures, about study programmes and other useful information regarding services offered.

**INTERNATIONAL OFFICES**

Main International Relations Office is located at the UM rectorate. Along with international offices located at some university members, it assists incoming and outgoing students, teachers, staff and provides information on academic exchange, application procedures and selection criteria. Detailed information on international exchange is available at http://www.um.si/en/international/erasmus/Pages/default.aspx.
